

the GAME of LIFE Mastery Program

Class Module 3

Welcome home to our community of Love and Light! I'm Kate Large and welcome to the third class module of The Game of Life Mastery Program!

And I want to thank you for being here! I'm excited to share the loving energy of the angelic realm with you during our time together and hold that magical space for you to ascend your energy from deep within.

In this class module, I'll be sharing empowering information about victim energy and then we'll be connecting with the angelic realm!

So lets get started with some Admin info:

This call will be about forty-five minutes and is recorded. The recording and transcript will be added to the Members website within 48 hours. And we will begin our Q&A time together immediately after the class content completes.

We will be experiencing a New Moon this week so I added two programs to the Mastery Tool Library. The name of those are: Angels & New Moon Energy Reveal: Access to Your Prosperity Portal and Angels & Full Moon Energy Reveal: Your Pathway to Miracles. So you'll be able to use those moon programs both for the new moon and the full moon.

So please go to the Dynamic Mastery Tool Library on the mastery website and download these two programs. They are both very powerful and you'll want to use them when the moon is full and when the moon is new. This week the moon will be new on Wednesday, July 15 here in North America. I believe it will be new on Thursday, July 16 if you're in Europe.

I also added descriptions to a few of the programs in the Mastery Tool Library, so be sure to check those out.

Love Circle

Before we begin, I want to take your hand across the soils and waters of Mother Earth and welcome you into our circle of love with the angels. Together we form a safe, supportive community container - a circle of love.

So please, get comfortable... close your eyes... and with a deep breath, I ask your angels to come in very close to you so that you feel their love for you...

Take a deep breath and envision....

.... taking the hand of your angels - one on your left and one on your right.

When I call out the country you're in, your angels will help you step into our circle of love.

Would everyone from Australia... the UK... France... Belgium... Germany... please step into the circle...

...everyone from Guatemala... Indonesia... Canada... and the US, please step into the circle...

If you just joined or if you're in a country I did not mention, please step into the circle...

From this safe space of love energy, the angels and I send all the love of our hearts to you. We hold you in the light of the powerful, limitless spiritual BE-ing of love and light that you are. We hold you in the knowing that it is your birthright to be, do and have all that makes your heart sing with joy - to experience your version of heaven on earth --- now and always...

By coming together in this beautiful circle of love we magnify the *Power of Two* exponentially! Whether you're listening live, to the recording or reading the transcript, we claim this power!

Take a deep breath of this ever expanding, power of love - breathe in just how limitless you are!

Now we'll ground this loving energy.....

See roots from your feet travel into the loving soils of Mother Earth, down to the core light of love within her. With a deep breath pull her loving, healing energy up through the soils to your feet, up your legs to your heart.

When you're ready, open your eyes...

Thank you.... for being here...

Kick BE-ing a Victim to the Curb

Okay... so this is our third class module. Your homework was to read chapter 7, Love and complete the inside assignments. If you haven't done that, not to worry - do not beat yourself up. This next week, ask your angels for a "time warp" to help you accomplish everything you want to complete each day and know that all is in divine order!

We've come together, you and I and the angels and Florence, to transcend the illusions of physical world limits and to do that we must shift our energy - our internal physical energy to the higher vibration of love.

I talk about shifting your energy to achieve the experience of your version of heaven on earth - shifting your energy to love or above. But just what does that mean?

What is this energy of love? What is the love or above energy that I talk about? What is Joy? What is happiness?

The energy of love, joy and happiness are not tangible, hold in your hand objects, so just what are they?

Love, joy and happiness are an experience - a state of being that feels really good. I've been told by human spirits of the angelic realm that the love there is beyond what our human brains can even understand.

Many of you have asked me about achieving love energy and joy energy, so lets look at the mechanics of this energy.

We can all easily relate to what it feels like to be afraid or anxious or angry. We understand these things without question. And when we think about it, being afraid, anxious or angry has levels of intensity.

For those of you who know me, you know I'm not fond of spiders. If a tiny spider lands on my hand, I don't like it and I brush it off. But if a three inch tarantula size spider lands on my hand there'll be some serious screaming and jumping around going on. This is an example of the different levels of fear.

The same goes for love energy and joy energy. These feelings hold a variety of levels from calm contentment to bouncing off the walls with excitement.

In this day of 2015 there's no way to be in the bouncing off the walls with excitement energy all the time - nor would we want to be, but sustaining the love/joy/happiness energy of calm contentment with just the right engagement of full body excitement would be truly wonderful - and this is what we want to achieve.

With the level of love, joy and happiness that our hearts desire, we will attain experiencing our version of Heaven on Earth. However, your version isn't the same version I have and I know our children's version isn't the same as ours. Everyone has their own idea of what their version of joy, happiness and love - their version of heaven on earth - everyone has their version of what that is.

The goal of this program is to hold the safe space - without judgment - to fully support you to decide what experiences hold love, joy and happiness for you. Shift your vibration to that energy of experience as if you've already received it - and teach you what to do when resistance energy - those subconscious negative beliefs about yourself - when those are revealed and heal them - so you can be FREE to Be, Do or Have your version of heaven on earth.

So... when we're born we're limitless possibility. It is our birthright to be, do or have whatever makes our heart sing with joy.

Then as we grow up and experience living in a human body here on Mother Earth, we experience the dualities of this planet. Wonderful, loving experiences as well as sad, painful experiences. And through these experiences, we learn to judge things we enjoy and things we don't like.

We learn from our parents, our family, our educational system, religion and our society - we learn from them how to think and how to BE.

We take in millions of bits of information every day and this experience observes our reality into form. We write subconscious records or neural pathways of belief in our brains and we pull from this archive every moment as we experience our lives.

These subconscious pathways of belief begin as babies - this is why we don't recognize feelings of not being lovable, worthy or good enough for what they are - an illusion. We take them as fact because we were so young when the neural pathway of belief was written and its been with us all our lives. But the fact is... we were so young that the belief was written without conscious thought - its written from a level of pain that we did *not know* how to stop.

As we grow older, there comes a time that we have the opportunity to re-evaluate what we believe. In this program these beliefs that aren't true will be revealed when you shift your energy. However in the past that opportunity has sometimes come through an uncomfortable life event or situation where we felt like a victim.

Lets take a hard look at victim energy.

The reality is that all our relationships are about US - not other people - US and our perception of the relationship.

And the term relationship really encompasses everything - relationships with people, events and life situations.

Through our internal energy of creation, we draw to us relationships with people and situations that match our internal energy. These relationships can be joyful or they can be painful. Painful, drama filled relationships don't just happen to us - we create them.

And with this creation of a less than loving experience, we have delivered to us an opportunity to expand into a greater expression of ourselves by healing from deep within ---- a belief that no longer serves us.

Now, I know you may be thinking of a time you were standing there minding your own business and someone blind sided you and you felt as if you were attacked - YOU were the victim. Why would you attract such an experience?

You attracted it because you've set your intention to move into a higher station of love, but there's something going on within you that needs to be healed first in order for you to get there - so your subconscious attracts a situation or life event that reveals to you what needs to be healed to achieve the status of BE-ing the higher vibration of love energy.

The nitty gritty of most experiences of being a victim is that the situation is mirroring something to you that you do not like about yourself. It may be mirroring to you hidden beliefs about being unworthy, undeserving or not good enough in some way - beliefs that you don't even know that you have.

When you experience a conflict with someone else, you feel the resistance in your body of anger, frustration, sadness, anxiety, along with feelings of being helpless or powerless, in some way. Lets face it, if you felt within your power, you wouldn't feel conflict resistance within you.

The bottom line is this - you give them your power, when you have these conflicts. That's just what happens, that's who we are, that's what we do. We're experts at giving our power away!

There is a family member - in my husband's family - that used to do this for me all the time, till I finally got it. I would dread seeing her because she would say and do things that degraded me and left me feeling... inadequate, not to mention unworthy and unlovable.

For a long time I was focused on "it's her - she's just awful to me." Then Florence and the angels pointed out to me that I had the power to change my experience with her. I would try, but wasn't doing a very good job, when my dad's birthday rolled around - I decided I wanted to ask him for help.

My dad, Big Jim, resides in the realm of the angels now. His physical body died in 2005. But anyway, his birthday came and I sat down to visit with him. I wished him Happy Birthday, then I told him I wanted to talk about this woman.

He laughed and said, "She doesn't like you and she treats you with contempt."

Being the patient daughter that I am, I told him, I know that - I want to know what I need to do to heal this relationship.

Then the angels stepped in. I asked them to show me what this woman mirrors to me that I don't like about myself and they did.

I was very surprised when I saw my little girl self of four years old sitting in the swing in my grandmother's yard, crying. I was wearing a dress. I was dirty and I was wet. My mom and dad had left my brothers and I with my dad's mother and evidently we were going in and out of her house till she told us either in or out.

I chose out, then I needed to go to the bathroom. I was four years old... I was afraid of grandmother and I didn't know how to use the bathroom outside, so I wet my pants.

I was horrified... I was ashamed and laden with guilt. And through that experience I felt as if I was unworthy, unlovable and not even good enough to use the bathroom in the house.

This family member of today, held my dad's mother's energy and every encounter with her was like going back to being 4 years old and wetting my pants - I would relive the shame and humiliation at some level.

The angels and I healed this experience from my past that day by acknowledging what happened, and showing my inner child that it wasn't my fault. The angels and I sent love to my inner child and to me as an adult, as well as to all the people involved, plus I forgave them and myself.

That loving forgiveness changed everything. I took my power back and now no matter how inappropriate this woman is, she can't hurt me anymore - and I have the strength within me to speak up when I need to.

This experience is where the PDF file of "Angels Show Energy Core" stems from - and it is very powerful. You can get your copy from the Mastery Tool Library under the PDF File section. It is a SIMPLE, powerful step-by-step process to work with your angels to show you the core belief that you don't like about yourself and transmute it to love.

So when the shock wears off from what feels like an energetic attack, you then get the chance to choose to make good use of this Golden Opportunity to shift out of the energy of being a victim and transform your pain to the higher vibration of love.

Also included in the Mastery Tool Library is the Master Loving Relationships - from Family to Work program. If you are experiencing conflict with others, be sure to download it and listen in - there's also a transcript so you can read it. It will give you tremendously valuable insight to the why's of victim energy and help you to overcome it.

And... when you incorporate these tools to face and heal victim energy when its triggered, you'll be able to remove Victim from your energy field once and for all!

If you have trouble with this, reach out through the private Facebook group. We're here to support you! And someone did post in there... I just posted back about that - about this very kind of information, so be sure to go in there and take a look at that.

When you reclaim your power through your energy and radiate out the higher energy of love by sending love and through forgiveness, then those who initiated your resistance have become your Golden Link in your chain of Good!

They become as "Gold" to you because they give you the opportunity to experience the choice of facing something you didn't like about yourself or a belief that no longer serves you and HEAL it!!

From the powerful, solid state of love, situations that used to leave you feeling powerless and helpless as a victim will no longer affect you.

Be sure to download the Master Loving Relationships - from Family to Work program! It gives you everything you need to know to change the dynamics of a relationship that's always filled with drama.

AND... when you're going to be in the presence of someone who stirs up drama, the most powerful thing you can do is to send love to that situation before you get there. I've used this experience of sending love to a situation while standing in line at the post office. I don't recommend doing that, but the reason I share it is because its just that simple to do.

This is what you do:

1. Ask your angels to join you and form a circle with them
2. Place the person or situation you're anxious about in the center
3. Send love to that situation - the person or group of people - before you meet with them and the opportunity for the highest outcome possible is set into motion.

Now lets talk about living in the "Heart Space."

Heart Space

When we ask the angels what our purpose is, they tell us it is to love - to be love. And from that energy of love, we shift from within. We ascend our energy and that of the soils of Mother Earth beneath our feet - plus --- we touch others with love energy. We expand our conscious awareness to love and align with the Christ Conscious energy of creation to bring our version of heaven to earth.

We've talked about evaluating our energy of existence - our human "normal" way of being and choosing to BE of a higher energy - to BE of the energy of joy - whatever that energy of joy is for you in that moment of today or tomorrow or whenever you are in that moment. Whatever that energy of joy is for you. We now understand that no matter what's going on around us - no matter where we live or what we have or have not done in our lives, we have the ability to choose to be of a higher vibration of energy - of joy.

And from that choice, to be of the higher vibration of love, we align our energy to that of our field of potentiality - where all we dream of already exists - all that is ours by Divine right.

THIS is living in the "heart space" --- living in the vibration of love - being true to our essence of love. Speaking from love, touching from love, thinking from love and BE-ing in the vibration of love.

Living in the Heart Space is where we all want to be - BE-ing the higher vibration of love energy - expanding our consciousness to love all that is around us - to send love to all that is happening in the world.

You do NOT need to be in agreement to send love - you may be totally against a war or some other situation, but when you send love to it - you take your power back and you send energy of a higher outcome - the highest possible outcome.

The most important thing is this: shifting into and BE-ing the energy to send love to everything outside of us, shifts us to the higher vibration of love within us - and that's where the magic happens!

Infinite Possibility

If you can dream of something that brings you joy, then it is a part of your consciousness and is therefore possible for you to experience in physical form. Deepak Chopra teaches of this "Field of Potentiality" in *The Seven Spiritual Laws of Success*.

In the mind, we experience what we call our dreams - our goals and our desires. We experience these joy filled insights and ideas when we ascend our energy to connect with our Field of Potentiality.

The reason these things whether they be material or emotional experiences aren't already a part of your reality is because there's an energy of belief - that's between you and your dream.

The way to remove that energy is simply to shift from less than love to love or above where the light of love energy will reveal it to you.

Our thought processes they are waves of energy that we observe (sometimes subconsciously) into form.

When we worry about something, we focus our energy on it and we observe something we do NOT want into form - we create what we're worrying about.

When we establish an energy wave of expectancy and joy surrounding something we want, and focus our energy on the joy of receiving, we send out waves of joy and create through the observation of our energy --- what we want.

I want to be really clear here - our human nature is to focus on what isn't. We focus on what we perceive ISN'T - instead of the joy of what we want to have.

In one of my other classes someone pointed out how its almost impossible to focus energy on having a great car when you don't have one or the one you have doesn't work. This is only true if you allow it to be.

Because when you close your eyes and envision BE-ing in that car - going somewhere and enjoying it, your human brain doesn't know that this is not your reality. It can-not distinguish between the two.

So when you focus your attention and energy on how awesome it is to own this amazing car, you do in the continuum of those moments - you DO own that car - and you set into motion the magnetic attraction of the car.

We create through us - through our energy the experience of our reality.

So to pull it all together.

1. Decide what it is you want - decide what brings your heart joy - get CLEAR on what the joy would FEEL like. Embrace the energy of it - embrace the excited energy of what it would feel like to be, do or have what you want - to have that magnificent job or that new home or that car or that relationship. What does it feel like?
2. Demand what you want to be yours - if you don't like the word demand, then use "command" - command what you want. You can do this by writing it down to anchor the energy - you can create a vision board (and our Mastery Expert, Catherine Rose Stevens, teaches us how to create one with the energy you wish to experience. Revisit the excited energy daily - envisioning and embracing the experience of the joy energy of receiving what you want. Shift your energy from not having to the joy of receiving DAILY - and maintain that yummy, fun, excited energy as much as humanly possible. So when you sit down to demand and move into that energy - when you've mentally experienced being, doing or having what you want and you get up, you're not the same person as you were when you sit down, because now you have it!
3. Complete your order with the universe with an affirmation that includes: this or something better by Divine right, under grace in a miraculous way, thank you, thank you, thank you. This phrase is NOT just words - it is ENERGY - It is a Powerful Container of Creation Energy!

When you use: "this or something better by Divine right, under grace in a miraculous way" you not only open the way for your highest good to reach you, you also take out the human worry of the "how" you're going to receive something.

And HOW is not your job - your job is maintaining the joy filled focused energy of creation!

When you maintain that energy of loving, excited, happy receipt - what you want manifesting as your reality becomes --- Inevitable.

Just to be clear... in today's world, its humanly impossible to maintain the love energy in every moment. Some things you'll create almost immediately, while others will take time

and you'll want to maintain that excited joy filled energy of receipt as much as possible, but its physically, humanly impossible to be there every moment.

So feel the energy of what you wish to experience and if there is resistance energy, the KEY is to address it immediately when it is revealed to you. This is where your tools come in. You may want to "jumpstart your power" or you may want to work with your angels to show you the core of the resistance. If it is deeply rooted fear resistance energy you may want to use the Disconnect the Cords to Heal the Wounds of Your Heart program, or the Sedona Method of Release. Or you may be drawn to use another tool, the most important thing is for you to address the resistance energy immediately to transmute it to love or above as quickly as possible.

Truth Center - Your Guide to Resistance

In our intro call we talked about resistance and the ability to choose what energy we wish to be in. I want to talk briefly about your Truth Center.

When I say, grass is purple, you know grass is not purple. So where do you FEEL that in your body - that knowing that what I said isn't true? Where do you feel that resistance that you're not in agreement with me?

I'll say that again: grass is purple.

Now when I say grass is green - we know this to be true - so we're in agreement with this statement. We just experienced together something that is true and something that we feel resistance or disagreement.

Feeling resistance energy in your body is your signal that you're no longer in love energy. So when you experience a life situation that creates this nudge of uncomfortable energy within your body, stop what you're doing and use your tools to shift back into the love energy that you wish to BE in - the higher vibration of love, joy and happiness energy.

You're rewriting your neural pathway of belief that you deserve to be happy and recognizing your energy shifting in your Truth Center will help you to know when to address your internal vibration and maintain it at the highest vibration of love possible.

Money Energy

Now I want to talk about Money Energy. Like everything else, money is just a form of energy. Its we human's who hold it in negative or positive energy. So how do you shift out of fear around money?

The bottom line is we want what money will buy for us - food, our home, our transportation, vacation, electricity, clothing, furnishings - we want what money will buy. We also want freedom - freedom from want.

Want laced with fear is a choice. We can choose to want things from the energy of the joy they will give us or we can want things from the fear energy of not having what we want. The choice is up to us.

I know, its not easy to not be afraid when we want money for rent when we don't have it. But when you shift that focus to the joy and relief you'll feel at paying your rent or mortgage, your energy shifts.

And when we shift our energy to gratitude and love, opportunities are revealed to us that our fear would have blocked us from seeing - avenues for money to find us are opened.

So from that place of loving gratitude, open your arms wide to receive - all that is yours by Divine right, under grace, in a miraculous way - for the highest good of all!

I want to also remind you to download the audio session with Mastery Expert, Patti Smith, Sacred Wealth Mentor - you'll find that on the Members website in the Mastery Experts section.

As we talked last week, we begin forming our beliefs as babies, toddlers and young children. Beliefs that are less than love over-write our neural pathways of being limitless in all we can be, do and have. So in this class module, we're going to work with our angels to meet with our inner child to help he or she heal beliefs that no longer serve us. We'll also work with the angels to heal older aspects of ourselves and shift into the love or above energy.

Before we complete our journey with the healing angels, I will play music for about four minutes to give you some time to work with your angels to fully integrate your experience.

Now... just allow - I want to ask you to please just allow yourself to experience whatever you experience - you may hear something with your angels, you may see something, you may just feel their energy - just allow yourself to experience whatever you experience.

So we'll begin by quieting our minds...

Quiet Mind Exercise

Place your feet flat on the floor. With your hands gently in your lap, close your eyes.

Focus your attention on your heart and take a deep breath. And shift your focus to gratitude of the blessings in your life. Embrace the things that you are grateful for and feel the emotional fulfillment of gratitude.

And with a deep breath, ask yourself these questions – don't try to answer, just ask:
Who am I?
What do I want?
What's my purpose?

What makes me happy?

Now simply allow yourself to be aware of your physical body. Your hands in your lap – your feet on the floor.

Now focus again on your heart – allow yourself to hear the beating of your heart as a sound or feel it as a sensation.

Take a few deep breaths – and we'll connect with the angels to send love to all aspects of you.

Send Love Guided Journey

Together we set the intention to connect with the angelic realm of love.

In order to open the path of communication to the highest level, breathe deeply, fully and completely, filling your body with the breath of God.

And so we begin... With the highest of intentions we pray...

Father, Mother God, Creator of All That Is...

Surround us with your divine white light of healing love and allow only those of the light of God to connect with us. We ask for your presence to help us to connect with the divine love of you, our creator, to heal all aspects of our being. May this love dissipate our fear and shift us to the glorious state of love. Bless this divine intention to connect with the love that is our essence.

In deepest gratitude,
AMEN.

Breathe deeply and focus on the experience of the breath. Now focus on your heart – allow yourself to feel it beating... beating as one with God.

Take a deep breath...
and see before you a mighty oak grounding tree. Step forward and gently step into the welcoming heart of your tree where you become as one - a living breathing entity of love.

Notice your feet mold into the tree's roots and travel through the soils of Mother Earth to the core light of healing love at her center.

Take a deep breath and feel the vibrant healing energy of Mother Earth as it flows up the roots to your legs... through your body... to your heart.

Notice the branches of your tree open wide to the breath of God. Take a deep breath and expand the healing love of God and Mother Earth within your heart...

Now see before you the hand of an angel reaching for you from the other side of the tree. Take the angel's hand and step out the other side into the realm of the angelic.

See your self surrounded with God's white light. Breathe in the love of the Divine light. As you breathe deeply you experience a slight swirling mist in the light. You feel it gently touch your face, soft and fluid as the gentle embrace of angel wings.

Exhale the challenges and hiccups of the physical world. Focus fully on your breath and the beating of your heart...

From all directions of time, loving angels come to join you - they take your hands and together, you form a beautiful circle of love and light.

This is a safe place...

Take a deep breath and allow your inner child to walk into the circle.

What does he or she look like? Is she disheveled from struggling to protect herself from the cruelties of the physical world? Are his or her cheeks stained with tears?

Together with the angels we all send love - all the love of our hearts to this inner child of you... He or she embraces the love and begins to smile. The love wipes away the tears and takes away the pain and torment of the teachings and ridicule of the physical world. Within moments she or he is laughing and giggling - free to be a child.

Now a teenage aspect of you enters the circle. Your inner child holds out his or her hands to this older aspect of you.

Together with the angels and your inner child we all send love to this teenage aspect of you. He or she embraces the love - wiping away the painful feelings of inadequacy. He or she begins to smile and to stand taller fully supported by love.

Now an older aspect of you enters the circle. Your inner child and teenage self hold out their hands to you.

Together with the angels we all send love to this older aspect of you. Breathe deeply and send all the love of your heart to these aspects of you.

Breathe deeply and embrace the love...

As you're bathed in the love --- the less than love energy of worry, angst, frustration, shame, guilt and helplessness all fade away.

Allow this love to flow through you and expand from you.

From this safe place it is okay to forgive the pain of the past. Forgiveness does not condone behavior, forgiveness is a gift you give to yourself to heal the pain.

You're fully supported as the loving light of God's essence that you are.

I'm here with you to help you work with your angels to heal...

MUSIC plays for 4 minutes.

You ARE a magnificent being of love and light. You are safe, you are loved, you are worthy, you are good enough for all that makes your heart sing with joy.

Breathe deeply of the breath of God....

You deserve to be happy and you feel the joy of happiness stir within your body.

The love begins to glow brightly as light.

From above a ray of loving light gently flows into the center of your circle encompassing you ---- fusing you and your loving angels together as one brilliant ball of love.

The love bond is united and a calm peacefulness is yours. All there is, is love – sweet, gentle, exciting love flowing throughout your body from head to toe.

Allow the love to fill you. Breathe deeply of the loving light and rejoice at the love. You are love...

You are one with God.

In the stillness between the beats of your heart... Embrace and Be the gift of love...

As you release the hands of your angelic assistants, notice the love stays with you – you glow softly of love. Thank your angelic assistants for helping you to expand into this love.

Now you must return to the physical world bringing with you, all this love. Return to your grounding tree.

Step into the loving heart of your grounding tree. Notice your feet mold into the tree's roots and travel through the soils of Mother Earth to the core light at her center.

Take a deep breath and feel the vibrant healing energy of Mother Earth as it flows up the roots to your legs... through your body... to your heart.

Step out of your grounding tree taking the joy of love with you – fully grounded and returned to the physical world.
